

ABOUT PATAPSCO HERITAGE GREENWAY

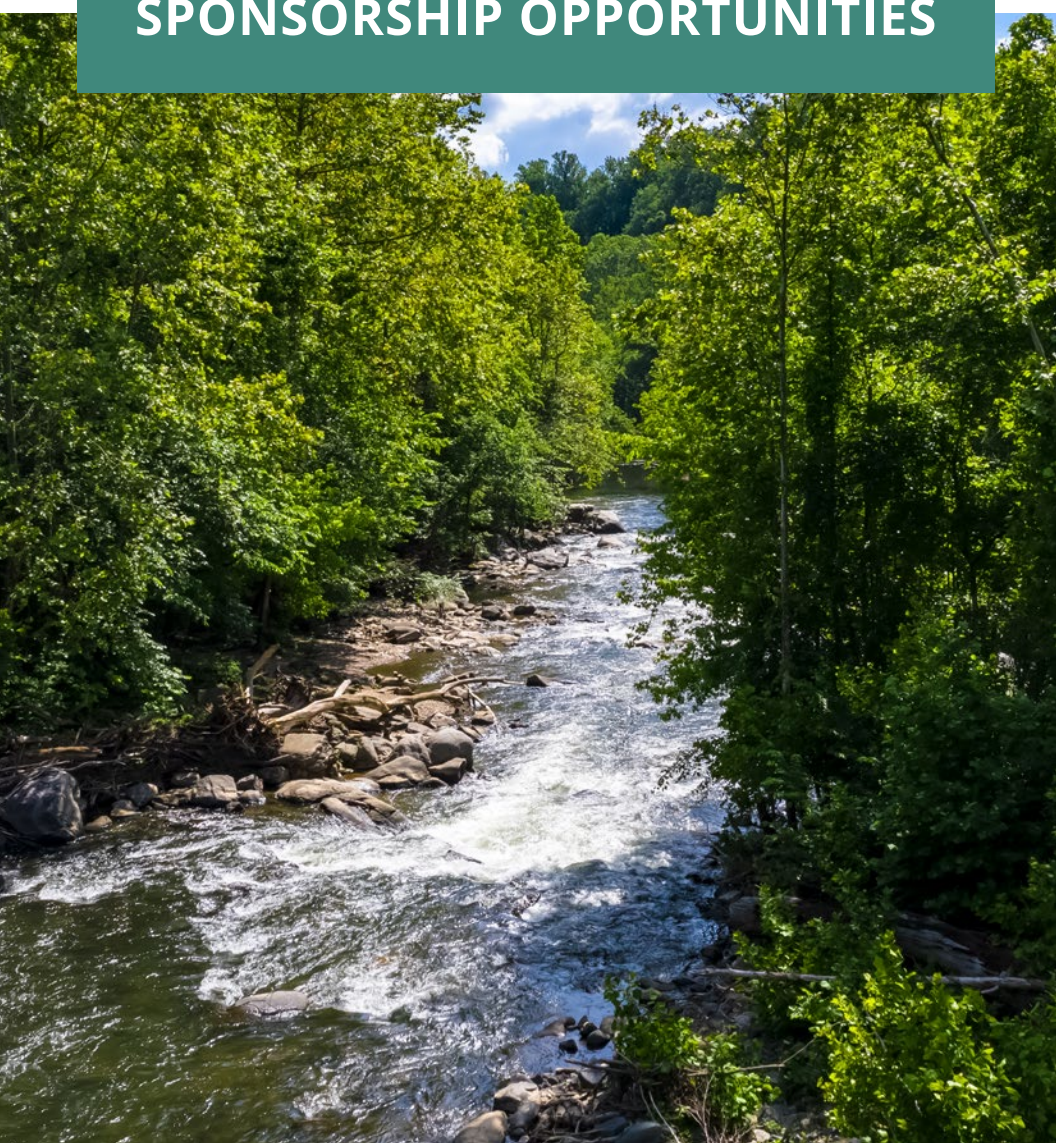

As the non-profit managing organization for the Patapsco Valley Heritage Area (PVHA), Patapsco Heritage Greenway (PHG) is dedicated to preserving, protecting, interpreting, and restoring the environment, history, and culture of Maryland's most dramatic river valley for all. The PVHA lies at the heart of a network of protected lands along the Patapsco River, representative of Maryland's Piedmont forest and industrial heritage. Natural processes, natural beauty, and history combine to create a unique opportunity for residents and visitors to understand and enjoy the area.

PHG's programs emphasize:

- Environmental stewardship
- Historical, cultural and environmental interpretation
- Heritage tourism
- Outdoor recreation
- Arts and cultural initiatives

PHG hosts a range of free public programs throughout the year, including lectures, stream clean-ups and invasive plant removals, environmental education workshops, and tree plantings, that draw local residents and visitors. PHG also tables at numerous community events in Howard County and Baltimore County. We welcome annual sponsorships from local businesses and organizations that share our goal of preserving, protecting, interpreting and restoring the Patapsco River Valley for everyone. Sponsorships offer an opportunity to connect directly with PHG's large network of volunteers and program attendees.
